

Expressions of Belief: The Environment

Research what Christians believe about the environment from the RE:Quest website.

1. Go to 'Basics – The Environment' and read the screens (don't get sidetracked to 'Harvest').
2. You might also like to look at 'Issues – The Environment'. It is for secondary pupils and some is quite interesting.
3. Work together in a group to make a poster showing what Christians believe about the environment. Illustrate it with pictures of the natural world.
4. See if you can find a good poem, prayer or song about the environment to add to your poster – or you could write your own!
