

Prayer Extension Work

1. "Prayer is more than giving God a list of stuff you want him to do." What else might a Christian do when praying alone to God?
2. Why do Christians also like to pray together?
3. What does 'meditate' mean? What sort of thing will a Christian do in meditative prayer?
4. What has becoming a monk or a nun got to do with prayer?
5. Name each of the different positions people might use for prayer. What is the meaning behind each one?
6. What did Jesus teach about the best place to pray? Why do you think he said this?
7. Write a list of the different ways that the Bible says God talks to people. How can people 'listen' to God? Do you think God talks to people today?
8. Click on one of the Bible links and read one of the Bible stories about God talking. Write the story in your own words. What is it saying about the way we should live or behave today?
